Longhorn Cattle Society CIO Constitution

1 NAME

The name of the Charitable Incorporated Organisation ('the CIO') is the Longhorn Cattle Society

2 NATIONAL LOCATION OF PRINCIPAL OFFICE

The CIO must have a principal office in England or Wales. The principal office of the CIO is in England.

3 OBJECTS

The objects of the CIO are:

- To encourage, promote and improve the breeding of Longhorn Cattle and to maintain their purity;
- To maintain a Herdbook of Longhorn Cattle

In furtherance to the above objects but not further or otherwise the Society shall have the following powers:

- To promote shows and/or sales for Longhorn Cattle;
- To do all things necessary for the attainment of the above objects

Nothing in this constitution shall authorise an application of the property of the CIO for the purposes which are not charitable in accordance with [section 7 of the Charities and Trustee Investment (Scotland) Act 2005] and [section 2 of the Charities Act (Northern Ireland 2008)]

4 POWERS

The CIO has power to do anything which is calculated to further its object[s] or is conducive or incidental to doing so. In particular, the CIO's powers include power to:

- 4.1 borrow money and to charge the whole or any part of its property as security for the repayment of the money borrowed. The CIO must comply as appropriate with sections 124 and 125 of the Charities Act 2011 if it wishes to mortgage land;
- 4.2 buy, take on lease or inexchange, hire or otherwise acquire any property and to maintain and equip it for use;
- 4.3 sell, lease or otherwise dispose of all or any part of the property belonging to the CIO. In exercising this power, the CIO must comply as appropriate with sections 117 and 119-123 of the Charities Act 2011.
- 4.4 employ and remunerate such staff as are necessary for carrying out the work of the CIO. The CIO may employ or remunerate a charity trustee only to the extent that it is permitted to do so by clause 6 (Benefits and payments to charity trustees and connected persons) and provided it complies with the conditions of those clauses;
- 4.5 deposit or invest funds, employ a professional fund-manager, and arrange for the investments or other property of the CIO to be held in the name of a nominee, in the same manner and subject to the same conditions as the trustees of a trust are permitted to do by the Trustee Act 2000;

5. APPLICATION OF INCOME AND PROPERTY

5.1 The income and property of the CIO must be applied solely towards the promotion of the objects:

- 5.1.1 A charity trustee is entitled to be reimbursed from the property of the CIO or may pay out of such property reasonable expenses properly incurred by him or her when acting on behalf of the CIO.
- 5.1.2 A charity trustee may benefit from trustees indemnity insurance cover purchased at the CIO's expense in accordance with, and subject to the conditions in, section 189 of the Charities Act 2011.

- 5.2 None of the income or property of the CIO may be paid or transferred directly or indirectly by way of a dividend, bonus or otherwise by way of profit to any member of the CIO. This does not prevent a member who is not also a charity trustee receiving:
- 5.2.1 a benefit from the CIO as a beneficiary of the CIO;
 - 5.2.2 reasonable and proper remuneration for any goods or services supplied to the CIO.
- 5.3 Nothing in this clause shall prevent a charity trustee or connected person receiving any benefit or payment which is authorised by Clause 6.

6 BENEFITS AND PAYMENTS TO CHARITY TRUSTEES AND CONNECTED PERSONS

6.1 General provisions

No charity trustee or connected person may:

- 6.1.1 buy or receive any goods or services from the CIO on terms preferential to those applicable to members of the public;
- 6.1.2 sell goods, services, or any interest in land to the CIO;
- 6.1.3 be employed by, or receive any remuneration from, the CIO;
- 6.1.4 received any other financial benefit from the CIO

Unless the payment or benefit is permitted by sub-clause 6.2 of this clause, or authorised by the court of the Charity Commission ('the Commission'). In this clause, a 'financial benefit' means a benefit, direct or indirect, which is either money or has a monetary value.

6.2 Scope and powers permitted trustees' or connected persons' benefits

- 6.2.1 A charity trustee or connected person may receive a benefit from the CIO as a beneficiary of the CIO provided that a majority of the trustees do not benefit in this way.
- 6.2.2 A charity trustee or connected person may enter into a contract for the supply of services, or of goods that are supplied in connection with the provision of services, to the CIO where that is permitted in accordance with, and subject to the conditions in, section 185 to 188 of the Charities Act 2011.
- 6.2.3 Subject to sub-clause 6.3 of this clause a charity trustee or connected person may provide the CIO with goods that are not supplied in connection with services provided to the CIO by the charity trustee or connected person
- 6.2.4 A charity trustee or connected person may receive interest on money lent to the CIO at a reasonable and proper rate which must not be more than the Bank or England bank rate (also known as the base rate).
- 6.2.5 A charity trustee or connected person may receive rent for the premises let by the trustee or connected person to the CIO. The amount of the rent and the other terms of the lease must be reasonable and proper. The charity trustee concerned must withdraw from any meeting at which such a proposal or the rent or other terms of the lease are under discussion.
- 6.2.6 A charity trustee or connected person may take part in the normal trading and fundraising activities of the CIO on the same terms as members of the public.

6.3 Payment for supply of goods only – controls

The CIO and its charity trustees may only rely upon the authority provided by sub-clause 6.3.3 of this clause if each of the following conditions is satisfied:

- 6.3.1 The amount or maximum amount of the payment for the goods is set out in a written agreement between the CIO and the charity trustee or connected person supplying the goods ('the supplier').
- 6.3.2 The amount of maximum amount of the payment for the goods does not exceed what is reasonable in the circumstances for the supply of the goods in question.
- 6.3.3 The other charity trustees are satisfied that it is in the best interests of the CIO to contract with the supplier rather than with someone who is not a charity trustee or connected person. In reaching that decision the charity trustees must balance the advantage of contracting with a charity trustee or connected person against the disadvantages of doing so.

- 6.3.4 The supplier is absent from the part of any meeting at which there is a discussion of the proposal to enter into a contract or arrangement with him or her or it with regard to the supply of goods to the CIO.
 - 6.3.5 This supplier does not vote on any such matter and is not to be counted when calculating whether a quorum of charity trustees is present at the meeting.
 - 6.3.6 The reason for their decision is recorded by the charity trustees in the minute book.
 - 6.3.7 A majority of the charity trustees then in office are not in receipt of remuneration or payments authorised by clause 6.
- 6.4 In sub clause 6.3 and 6.3 of this clause:
- 6.4.1 'the CIO' includes any company in which the CIO:
 - (a) Holds more than 50% of the shares; or
 - (b) Controls more than 50% of the voting rights attached to the shares; or
 - (c) Has the right to appoint one or more directors to the board of the company;
 - 6.4.2 'connected person' includes any person within the definition set out in Clause 30 (Interpretation)

7 CONFLICTS OF INTEREST AND CONFLICTS OF LOYALTY

- 7.1 declare the nature and extent of any interest, direct or indirect, which he or she has in a proposed transaction or arrangement with the CIO or in an transaction or arrangement entered into by the CIO which has not previously been declared; and
- 7.2 absent himself or herself from any discussions of the charity trustees in which it is possible that a conflict of interest will arise between his or her duty to act solely in the interested of the CIO and any personal interest (including but not limited to any financial interest)

9.6.1 The charity trustees may create associate or other classes of voting or non-voting membership, and may determine the rights and obligations of voting of any such members (including payment of membership fees), and the conditions for admission to, and termination of membership of any such class of members.

9.6.2 Other references in this constitution to 'members' and 'membership' do not apply to non-voting members, and non-voting members do not qualify as members for any purpose under Charities Acts, General Regulations or Dissolution Regulations.

- 11.8.3 If postal and/or email voting is to be allowed on a matter, the CIO must send to members of the CIO not less than 21 days before the deadline for receipt of votes cast this way:
 - (a) A notice by email, if the member has agreed to receive notices in this way under clause 21 (Use of electronic communication, including an explanation of the purpose of the vote and the voting procedure to be followed by the member, and a voting form capable of being returned by email or post to the CIO, containing details of the resolution being put to a vote, or of the candidates for election, as applicable.
 - (b) A notice by post to all other members, including a written explanation of the purpose of the postal vote and the voting procedure to be followed by the member, and a postal voting form containing details of the resolution being put to a vote, or of the candidates for election, as applicable.
 - (c) The voting procedure must require all forms returned by post to be in an envelope with the member's name and signature, and nothing else, on the outside, inside another envelope addressed to 'The Scrutinisers for the [name of the CIO]' at the CIO's principal office or such other postal address as is specified in the voting procedure.
 - (d) The voting procedure for votes cast by email must require the member's name to be at the top of the email, and the email must be authenticated in the manner specified in the voting procedure.
 - (e) Email votes must be returned to an email address used only for this purpose and must be accessed only by a scrutineer.

- (f) The voting procedure must specify the closing date and time for receipt of votes, and must state that any votes received after the closing date or not complying with the voting procedure will be invalid and not be counted.
- (g) The scrutineers must make a list of names of members casting valid votes, and a separate list of member casting votes which were invalid. These lists must be provided to a charity trustee or other person overseeing admission to, and voting at, the general meeting. A member who has cast a valid postal or email vote, must not vote at the meeting and must not be counted in the quorum for any part of the meeting on which he, she or it has already cast a valid vote. A member who has cast an invalid vote by post or email is allowed to vote at the meeting and counts towards the quorum.
- (h) For postal votes, the scrutineers must retain the internal envelopes (with the member's name and signature). For email votes, the scrutineers must cut off and retain any part of the email that includes the member's name. - (i) Votes cast by post or email must be counted by all the scrutineers before the meeting at which the vote is to be taken. The scrutineers must provide to the person chairing the meeting written confirmation of the number of valid votes received by post and email and the number of votes received which were invalid.
- (j) The scrutineers must not disclose the result of the postal/email ballot until after the votes taken by hand or by poll at the meeting, or by poll after the meeting, have been counted. Only at this point shall the scrutineers declare the result of the valid votes received, and these votes shall be included in the declaration of the result of the vote.
- (k) Following the final declaration of the result of the vote, the scrutineers must provide to a charity trustee or other authorised person bundles containing evidence of members submitting valid email votes; evidence of invalid votes; the valid votes; and the invalid votes.
- (l) Any dispute about the conduct of a postal or email ballot must be referred initially to a panel set up by the charity trustees, to consist of two trustees and two persons independent of the CIO. If the dispute cannot be satisfactorily resolved by the panel, it must be referred to the Electoral Reform Society.

BREED STANDARD AND DESCRIPTION

Distribution	The breed (310 herds) is found throughout the UK but predominantly in the South West and Midlands of England with others in Wales (18) Scotland including Orkney (20) Ireland (4). There are also Longhorn herds in the EU (12) USA (1) Australia (2) and New Zealand (2)	
Stature (typical)	<i>Bull</i>	<i>Female</i>
Mature weight (kg)	1000 – 1200	650 - 850
Mature height at withers (cm)	145 – 155	135 - 145
400 day weight (kg)	450 – 550	360 - 460
Birth weight (kg)	35 – 45	30 – 40
Colour	Colour varies from terracotta red, rich red, through roan to red brindle and plum brindle with variable amounts of white, invariably a long white line down the spine - known as finch back - and preferentially a white patch on each thigh. Black animals with no red hair are not favoured.	
Head	The head is wide between the eyes with a broad muzzle and incisors fitting well against the dental pad. In the female the head can be longer and more feminine. The eye should be prominent but docile in the female - bold but placid in the male.	
Horns	Horns, when present, are fine but long with traces of pink towards the base; generally with a forward and/or downward sweep, often incurved towards the mouth [known as bonnet horns]. A percentage of females [c.20%] exhibit a distal upturn to the horn. Black horns are not favoured.	
Body	The body is long and level throughout; deep with well-sprung ribs and broad at the loin; full over the chine and with good length from hooks to pins. In the female hook bones are prominent with a gentle slope from hooks to deep wide pin bones whilst still maintaining a level top-line. The shoulder should be smooth, the brisket neat and in the male the sheath should not be too loose or pendulous. A well-filled second thigh is favoured but the double muscling myostatin allele should not be present in the genetic make-up.	
Udder	Females should have a well-attached, level silky udder with four well-placed medium sized teats.	
Hide and hair	The hide is exceptionally thick but pliable and supple to touch. Hair in all seasons is generally long and dense - silky in summer but rougher in winter	
Legs	Legs should be well placed with adequate turn at the hock and pastern joints whilst exhibiting straightness laterally both while standing and in movement. The Longhorn exhibits a bold smooth stride enabling it to cover the ground at an impressive pace.	
Ease of Calving	The Longhorn has one of the largest pelvic aperture to bodyweight ratios which along with its low birth weight makes it one of the easiest of calving breeds.	
Docility	The Longhorn is one of the world's most docile breeds - its horns belie a most placid nature.

SUPPLEMENTARY REGISTER

From 1 January 1982 the Longhorn Cattle Society provided a Register for the admission into the Herd Book of Pure-Bred Longhorn female cattle that had not previously been registered for various reasons. Class A of this register was closed on 31 December 2009 to new unknown cows, but will remain open to the offspring of unregistered cattle that already have offspring registered with the Society.

CLASS A Female progeny of a pure-bred Longhorn cow with a non traceable pedigree having previously had calves notified to the Society, by a registered Longhorn Bull.

CLASS B Female progeny of a 'A' grade cow by a registered Longhorn bull.

CLASS C Female progeny by a registered Longhorn bull, and out of a Class B female, thus having two registered parents.

Female progeny by a registered Longhorn bull, out of a Class C female will be eligible for the Herd Book proper.

MALES Males are only eligible for registration only if both their parents are registered in the Herdbook proper.

SHOWS Steers and heifers (excluding heifers out of Class C) will be eligible to compete in Primestock Show Classes only.

The Council reserves the right to put cattle into a particular grade according to the evidence produced.

REGISTRATION Photographs identifying the animals applying for admission in the supplementary register should be submitted with the application

The certificate will be forwarded to the purchaser on receipt of the relevant transfer fee.

GENERAL RULES

Disbudded cows, heifers or bulls are eligible to compete in show classes for breeding cattle. Only fully registered animals will be eligible to compete in show classes for breeding cattle. Disbudded cattle may be shown at Society sales

CANCELLATION OF PEDIGREES

Any breeder wishing to sell a pedigree registered animal through a commercial market without the pedigree, can do so by sending the relevant pedigree certificate with the request for the pedigree to be cancelled to the Secretary.

EMBRYO TRANSPLANT REGULATIONS

Prior to collection

- 1 The collection and transfer of embryos shall be carried out by a recognised operator or embryo transfer station or unit.

Collection

- 2 A copy of each Embryo Registration Form and Embryo Amendment Form must be sent to the Society within 30 days of collection, freezing, transfer etc.
- 3 If the service bull is not already DNA typed, hair samples should be sent to the office for DNA typing. This will be at the member's expense, charged at cost.
- 4 If the donor female is not already DNA typed, hair samples should be sent to the office for DNA typing. This will be at the member's expense, charged at cost.
- 5 If the donor female was artificially inseminated, or served naturally by a bull not owned by the owner of the donor female, the relevant insemination certificate or certificate of service must accompany the Embryo Registration Form.
- 6 A donor female may be bred to more than one bull at any one heat period only if the bulls concerned have been DNA typed and the DNA types are sufficiently distinct to allow their progeny to be separated.

Embryos

- 7 If an embryo is sold or transferred to other ownership by the owner of the donor female, either unfrozen, frozen or in a recipient female, the Society must be informed via a Embryo Amendment Form.
- 8 If at one and the same time more than one embryo is transferred to a recipient, those embryos must be of the same parentage.
- 9 Recipient dams need not be registered with the Society.
- 10 In calf recipients, or recipients with ET calves at foot can be sold at official Society shows and sales.

Embryo Transfer Calves

- 11 The member notifying the birth of a calf resulting from an embryo transfer must insert the letters "ET" in the extreme right hand column of the birth notification form, or by selecting the 'ET' option on the online registration form. "ET" will be inserted as a suffix. All notifications must be made within the standard time limits.
- 12 Should registration of an animal born as a result of embryo transplant be applied for, the animal must be parent verified by sending a hair sample to the office for parent verification. This will be at the member's expense, charged at cost. The animal will only be registered once the parentage has been verified.

Registration fees:

- 13 Registrations fees for heifers and bulls born as a result of ET will be the same as those detailed on the previous page of the Herdbook, and will be subject to the same late registration fees. Bulls will be subject to the inspection and weight regulation rules in force at the time of registration
- 14 Animals or embryos sold for export must be accompanied by a pedigree export certificate obtained from the Society.

Notwithstanding these regulations, all other Society rules and regulations will apply to the conduct and manner for any embryo transplant programme.

The Council reserves the right to amend, alter or make additions to these regulations as and when they think fit.

(Amended 2019)

IMPORT AND EXPORT REGULATIONS

Export certificates

All animals sold for export from the United Kingdom require an exportation certificate duly certified by the Society. Fees chargeable for exportation certificates shall be as agreed by the Council.

Breed requirements in respect of imported genetics

1. It is important for members importing genetics to arrange with vendors that all documentation required by The Longhorn Cattle Society in the UK is provided, thus allowing the acceptance of imported animals into the UK herd book.
2. It is also essential the vendor in the country of origin provides their domestic registration authority (if applicable) with details of genetics being sold for export. Please note the responsibility for ensuring this action is taken must lie with the breeder purchasing the genetics.
3. The Longhorn Cattle Society will enter into the main Herdbook, animals of the same breed, that are eligible for entry under the Society's breed criteria, without discrimination on account of their country of origin.

Listed below are the documents The Longhorn Cattle Society in the UK requires:

- (i) Five generation extended pedigree. In the case of embryos, both sire and donor dam must be provided.
- (ii) Official export certificate issued by the recognised registration authority providing full details of both breeder/vendor and purchaser.
- (iii) Should any female be in-calf, the same information as points (i) and (ii) above will be required in respect of the service sire/s.
- (iv) In the case of all genetic imports including live animals, service sires, semen and sires and donor dams of embryos, a single nucleotide polymorphisms (54K SNP) DNA profile must be provided (showing parentage verification.)
- (v) In the case of embryos, a certificate/form issued by the embryo company confirming the identity and details of the sires used and donor dams.
- (vi) An initial entry/export fee as decreed by Council is to be paid per animal, including service sire/donor dam/semen

Longhorn Cattle Society Polled Register

The Longhorn Cattle Society Polled register was established in 1984 and is subject to the following rules agreed at the Society AGM 24th Nov 1984.

1. There is a straight forward grading up scheme to 31/32nds (ie 5 top crosses)
2. No bull may be registered until it is out of a fourth grade cow.
3. The first cross poll female should be the progeny of one pedigree Longhorn parent while the other parent shall be of pure beef breeding.
4. After the first cross each subsequent generation must be by a pedigree Longhorn bull.
5. No horned progeny of polled cattle will be eligible for registration in either herd book.
6. The word 'Poll' must appear as part of the name of every animal in the poll register.
7. Animals in the Poll register should be tattooed with the herd Number, followed by the letter 'P'. Beneath this should be the year letter (D for 1985), the individual number and finally the grade, A.B.C.D.P.
8. All breeders of polled cattle wishing to register them, must pay the Longhorn Cattle Society a separate herd Registration fee of £10 plus VAT.
9. All registrations must be made through the Longhorn Cattle Society Registrations Office at the same rate (currently £25+VAT) and under the same rules as for pedigree Longhorn calves.
10. It was further agreed at the subsequent Council Meeting that the Polled Register should not be promoted in any Longhorn literature and that the polled animals should not appear in the main Herd Book.
11. A list of animals registered in the Polled Register is available from the Society office.

LONGHORN SHOW RESULTS 2021

Great Yorkshire Show
Judge: Clive Davies
15 July 2021

It almost felt a little strange to step back into a showing after the break, but through the excellent efforts of the Yorkshire Agricultural Society, the support from Longhorn exhibitors old and new and many interested enthusiasts looking on, a great time was had by all. I was extremely honoured to be invited to place the well-filled Breed classes. The competition was fiercely fought with many exceptional animals on parade.

Four bulls were evenly split between the two age groups. In both classes the choices were between males that were a little different to each other in type. In the event my top selections were with those with slightly more scope not least because whilst displaying adequate volume and conformation, their movement was a little more free than their opponents. The second prized Senior Bull, Gupworthy Thruxton had strong muscle and shape but whatever, I envisage that his greatest strength lies within his pedigree make-up, researched after the event. This comprises of some of the greatest names within the modern-day breed and within just four generations back involves four different sons of the celebrated Huntsham Cardinal which all-in-all will help his cause as foundation sire within the recently formed Longbridge Herd, exhibiting for the first time. The Senior winner, Southfield Panther, became Male Champion, mainly because of being such a free mover and the younger, Gentons Usher, promising in the runner-up's spot. Observing CountryGirl Media's exceptional gallery following the event, the balance displayed by this junior, light fore-end, well formed hindquarter, will hold him in good stead for his future.

The female section offered much competition. It was encouraging to witness three seniors, all accompanied with promising calves. Two first calving three-year-old heifers led the way. The very stylish, lengthy Fishwick Superstar and her heifer calf took first place over the extremely practical Southfield Sapphire, already a strong milker, doing her well-made bull calf, just a treat.

Of the Senior heifers, Southfield Taboo was complete and the class leader. Second prize followed-on with the stretchy Fishwick Tamarisk, but she was only just ahead of the feminine and correctly constructed, well-travelled Maudlin Taboo. The future of these promising breeders will be viewed with interest.

The strongest class of the day completed the individual classes. The very well presented, Gentons Ultra was the leader. Conformation, construction and character all in bucketfuls. Southfield Umtali and Longbridge U-Turn followed on respectively demonstrating style and presence over the other strong competitors.

The Female Championship went the way of Fishwick Superstar who impressed from all angles with the Junior Champion of the show, Gentons Ultra taking Reserve. Superstar became Breed Champion over Southfield Panther.

This whole exercise was so worthwhile. Getting Longhorns back into the public domain, is so valuable for numerous reasons. Being the first show event of 2021 for most of the exhibits, if not all of them, the top cattle of the day displayed themselves a little better than others but all would have benefited from the outing. Some appeared to carry a bit of excess condition that some additional exercise and trips out would surely bring under control?

It is hoped that everyone involved, within the ring or from the outside enjoyed Harrogate? Many have missed such exhibitions. We can be grateful to see them back. I enjoyed it, even more than expected!!!! Thank you....

LONGHORN SALES 2021

SOCIETY ONLINE TIMED SALE

7&8 April

The Spring on-line auction of pedigree Longhorn cattle proved a success for breeders, as the breed saw a top price of £3200 for bulls and £2000 for females.

Leading the sale at £3200 was Mr and Mrs G and J Woollatt, Chepstow, Gwent, with their February 2018-born bull Gupworthy Spinach. By the 2016 Royal Welsh Show champion Gupworthy Onzlo and out of the Wellhead Endeavour daughter Durham Nigella, this one found a new home with R J Sheppy and Son, Taunton, Somerset.

Next up at £3000 was the best of the junior bulls on offer from Mr and Mrs J W Stanley, Coalville, Leicestershire. This February 2020-born Blackbrook Baroque son is out of the Blackbrook Trapper daughter, Blackbrook Young Diamond and sold to Tori Stanley, Derby, Derbyshire.

At £2900 was the oldest bull in the catalogue and April 2015-born senior stock bull, Fishwick Phoenix, offered by M and S Horne and bred by P Close. By Fishwick Macavity and out of a Linton David daughter, this one was the pick of the Goodman Bros, Worcester, Worcestershire.

Of the females on offer the top price at £2000 was Newton Cheeky Moo Co from D Walker, York, North Yorkshire. This February 2018-born Stoke Juniper daughter sold with a pedigree steer calf at foot to Amanda Dixon, Maryport, Cumbria.

Two females then sold for £1900 each and both headed to Turriff, Aberdeenshire, with multi buyer Zoe McDonald. The first at this money was the February 2015-born Rookesbridge Coyote from Maudlin Mill Farm, Steyning, West Sussex. This Slough Martin daughter sold with a bull calf at foot by Gorse Yukon.

Joining this outfit at the same money was another from the Newton herd, in the form of Newton Crème De La Crème, a Newton Storm daughter with a heifer calf by Riverlands Quiz.

SOCIETY SPRING SHOW & SALE

Worcester Livestock Centre

15 May 2021

Longhorn cattle met a solid trade at Worcester on Saturday 15th May, topping the day at 5400gns for the female and reserve overall champion, Treverton Truffle.

This two-year-old heifer from Rachael Heard, Welford, Northants, is by Tanfield Pilot EX93 and out of Treverton Quest VG87. She caught the eye of Jane Grant, Easingwold, Yorkshire, who bought numerous lots on the day. Leading the bull trade at 4000gns was the March 2019-born Gupworthy Thrupton from G and J Woollatt, St Arvans, Chepstow. A Newton Yahoo son out of Gupworthy Quoditch, he was tapped out as male and overall champion under George Young, Lincolnshire, before being knocked down to previous buyer Jane Grant.

Joining the last two on the road home to Yorkshire was the reserve female champion, Carreg Sweetpea from BM Llewellyn, Trapp, Llandeilo. This June 2018-born daughter of Fishwick Macavity is out of a homebred daughter of Underknoll Focus and was knocked down at 3000gns

Continuing strong trade for heifers was the March 2020-born Gentons U2 from B Facon, Banbury, Oxfordshire. By the 2018 Bull of the Year, Riverlands Ratty and out of Blackbrook Ysolde VG87, she sold to Yvonne Ferguson, Steyning, West Sussex for her Maudlin herd for 2800gns

Recouping some of her investment, Mrs Ferguson then sold the January 2017-born bull Gorse Yukon for 2600gns. Bred by the Brigg family, this former herd sire is by Gentons 007 James Bond and out of the 12,000gns record breaking Gorse Rosa. This one also joined the lorry load home with Jane Grant to Yorkshire.

Next up selling for 2500gns was Gentons Uber, an ET-bred February 2020-born bull by the 2019 Bull of the Year, Blackbrook Rochester out of Fishwick Jamaica EX92. This one had also secured the reserve male championship in the pre-sale show before catching the eye of new owners, PC and PD Harley, Llandrindod Wells, Powys.

At the same money was Carreg Tangerine, a two-year-old heifer from BM Llewellyn. By Fishwick Lord of the Rings, she's out of the former Cheshire Show breed champion, Carreg Idesia VG86. This one sold to Gipsy Hall Farms, Stratford Upon Avon, Warwickshire.

Leading the draft of females on behalf of AG and RM Goodman, Great Witley, Worcester, was a call of 1580gns for the June 2016-born Witley Quirita, a Blackbrook Ulric daughter sold with a registered heifer calf at foot by Wellhead Owain. Securing this outfit was A and P Hill, Bucknell, Shropshire.

Averages: 2 led in-calf heifers £2362.50; 8 senior heifers £2375.62; 4 junior heifers £2100; 3 senior bulls £3010; 1 junior bull £2635; 2 unled cows and calves £1407. Witley draft: 11 cows and calves/in-calf females £1338.27; 6 served heifers £1055.25 (McCartneys).

REGIONAL GROUP HERD COMPETITION RESULTS

REGIONAL GROUPS

Longhorn breeders in different parts of the country have formed regional groups and organise herd visits, social events and herd competitions. They form a focal point for getting to know other like minded people and provide a potential for gaining stock and knowledge. All the groups are run by volunteers and enthusiastic group members, young and old, experienced or complete beginners are always welcome. Please do get in touch with your local support group co-ordinator and get involved in group activities.

BULLS AVAILABLE VIA ARTIFICIAL INSEMINATION

The Longhorn Cattle Society offers semen from 14 pedigree Longhorn bulls, enabling members and commercial users to obtain all the benefits of the Longhorn breed

Royalties as detailed in each bull's listing, re payable for the registration of a bull calf. All bulls are subject to inspection by a veterinary surgeon before they are registered and any royalty payable is in addition to the veterinary inspection and Society registration fees.

The royalty payment for registration of a bull calf by a gene bank bull reduces to £50 on the death of the AI sire. Once the sire has been dead for five years, no royalty is payable on registration of sons got by AI. However the royalty payment on sons got by Premium bulls does not alter after the death of the AI sire.
