**10.00 Arrive at Roxton House, Roxton, Bedfordshire, MK44 3DP (map attached)**

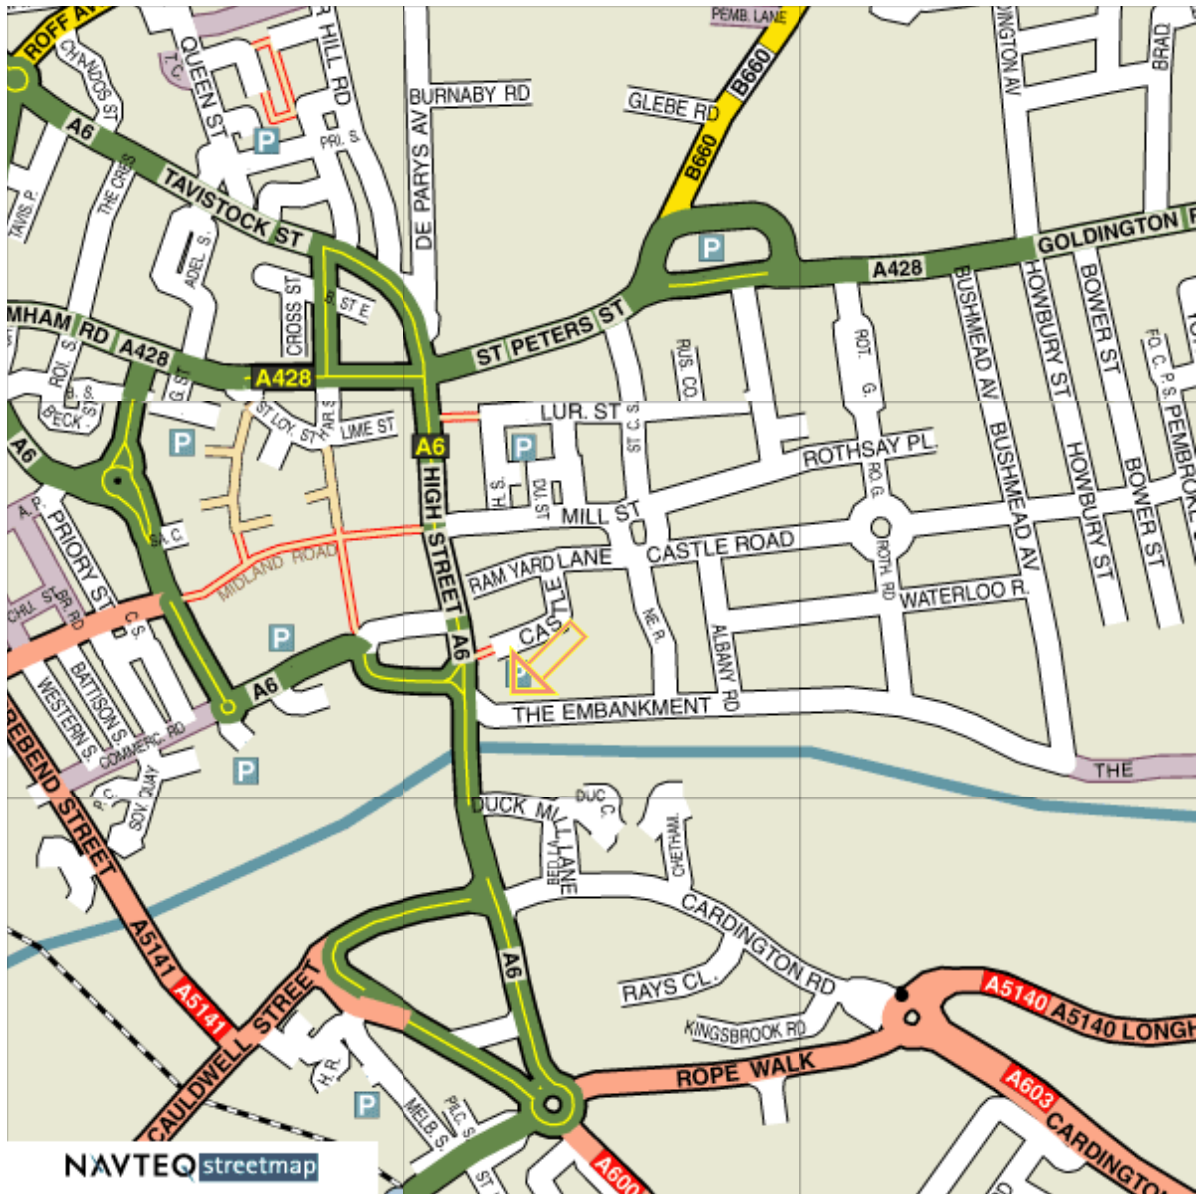

**From Bedford take the A421 towards the A1. Take the Roxton exit off the A421 and go right round the roundabout, taking the Roxton exit. The entrance to the house is about 1/2 mile on the left hand side through an electric gate next to a white gatehouse.**

The Roxton Herd of Longhorn Cattle was started with the purchase of three in-calf cows in October 1988. At this time Simon was running an 800 ewe flock which grazed the parkland around the farmhouse. He also ran a herd of 850 sows. The Bath family had always enjoyed cattle and felt they were much more civilised as neighbours! Approximately 20 cows are now run which is as many as can comfortably be housed over the winter. Simon would like to leave them outside but by mid - October in most years they start to poach the parkland badly. In the early days Simon had a pig stockman who was keen on showing and Roxton had some success all over the country but when he retired the showing stopped and now they only compete in the area herd competition. The herd is mainly home reared. Heifers surplus to requirements are sold if good enough to breed, a few are sold privately after hanging for 3 or 4 weeks and the remainder are sold as fats or stores. On average steers are fit to kill in 25 to 28 months.

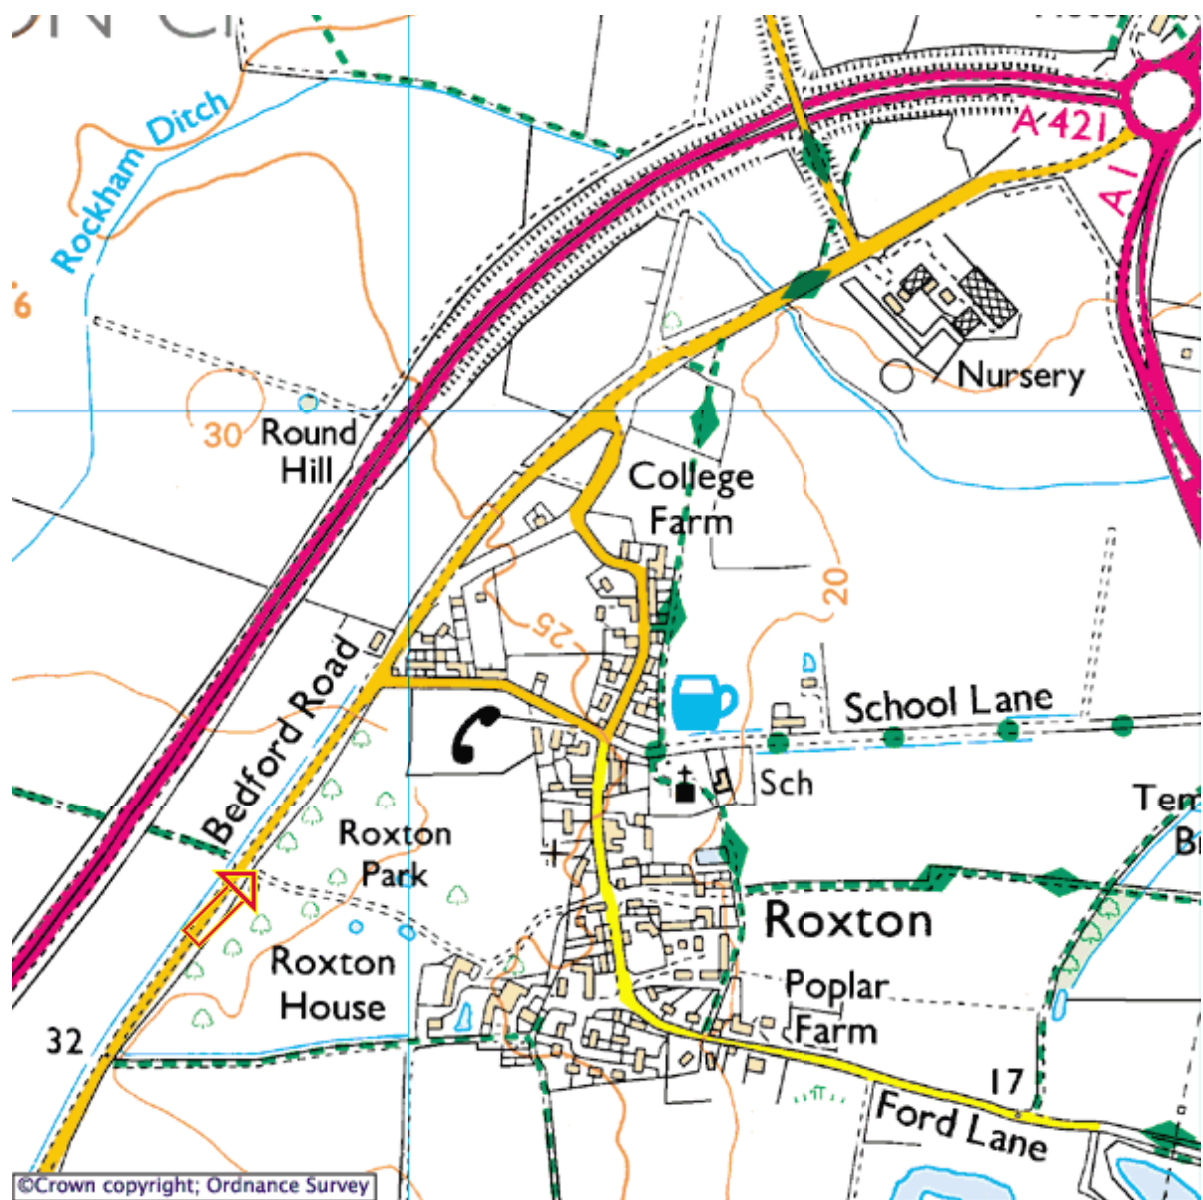

**12.30 Lunch - Anchor Inn, Great Barford, MK44 3LF (map attached)** A choice of roast beef, roast pork or roast lamb. **Again, please let me know what you'd like by 29 October.** One course will be £8.50, main course & dessert will be £12.25. Payable to the pub on the day. The pub is about 2 miles from Roxton House.
