# Longhorn News

## Dear Members

The summer is flying by and so far the weather gods have looked kindly upon most of us. Harvest is in full swing and most members I have spoken to have got plenty of winter fodder in stock.

The Show season has been one of the best the Society has seen in terms of the quality of the cattle forward and the Longhorn classes at this year's shows have been well supported. Results that have been received by the office are in the newsletter, along with a list of shows coming up between now and September.

The National Show at Lincoln had good weather and a tremendous display of cattle that certainly did the breed proud.

The next Society event on the horizon is the Beef Workshop at Charles Sutcliffe's, and then we have the National Show and Sale incorporating the Autumn Sale at Worcester on 30 August. Entries have closed and the catalogue will be available online and will be posted out as soon as it is ready.

The Society's summer visit to the McVeigh family in Suffolk was fantastic - the Society's thanks go to the family for hosting us on a very busy weekend and also extends thanks to the members who attended a very varied and interesting visit.

With the AGM being slightly earlier this year (don't forget to book in!) the Council nomination forms must also issued earlier and are enclosed with this newsletter.

## SOCIETY SALES

The Longhorn breed is known for its resilience and hardiness but the Society sales are the breed's shop window and potential new members may be put off by seeing cattle in poorer condition. Council want you to get the best price for your cattle at Society sales and be happy with what you have put forward to represent your herd and the breed.

When assessing your cattle for potential entry to Society sales please consider if they will be in a condition that will reflect well on you as a vendor as well as the breed in general. If in doubt please ask Debbie to arrange for a Council member to visit who will be able to advise you.

Council reserves the right to inspect any cattle entered for Society sales to assess their suitability.

**TB testing is compulsory for all cattle entered in the Society sales being held at Worcester this year and will be compulsory for all Society sales from 2015..**

## NATIONAL SHOW & SALE 2014

The National Show & Sale will take place at The Livestock Centre, Worcester on Saturday 30 August.

Unfortunately Rugby Farmers Mart at Stoneleigh could not accommodate us on the dates Council felt would be most suitable so we are using the facilities at Worcester this year. In view of the diminished entries at the National Show & Sale over the last couple of years Council decided that a National Sale maintaining the quality and standards that have been established should continue, but in order to make the event financially viable the Autumn sale should be held on the same day.

This means there will be a Premier Show and Sale and there will also be a sale for unled cows, bulls and finishing stock that will not have to be shown.

**Entries closed on 25 July so catalogues will be available shortly.**

## SUMMER VISIT 5 JULY

The Society's summer visit was by kind invitation of David and Sharon McVeigh and their family to visit their home Kenton Hall and the De-Kenton herd of Longhorns alongside the other enterprises that are run from the farm.

The day started with sampling a Longhorn burger from the brand new catering trailer the McVeighs had just purchased and were using for the first time that day at the Snape Maltings Farmers Market.

We then went back to the farm for a cookery demonstration using more obscure cuts and offal from homebred Longhorn cattle and then we toured the farm to see the glamping site, the wedding marquee, the cattle accommodation and David's engineering workshops and farm. We then saw the Longhorn cattle before being treated to a supper of Longhorn beef and produce from the garden.

A contribution of £10 per head was collected from members present and this was donated to a Norfolk breast cancer charity - Emily and Lucy McVeigh support this charity each year by taking part in a 'pink' vintage tractor run which was taking place the day after our visit.

## SOCIETY EVENTS

### BEEF PRODUCTION WORKSHOP 17 AUGUST

In 2010 the Society organised a very successful Beef Production Workshop at Charles & Debbie Sutcliffe's Tetford herd near Horncastle, Lincolnshire.

The Sutcliffe's have kindly agreed to host another workshop on Sunday 17 August. Charlie and his son Jim (who runs the family butchers Meridian Meats in Louth) will lead the day.

Below are Charles' thoughts behind some of the themes to be explored during the day. What was discussed at the last workshop is as relevant now as it was then:

*Nobody would disagree that over the past 20-25 years the Longhorn has been improved by selective breeding probably more than at any time since Robert Bakewell selectively bred the "improved Longhorn" in the late eighteenth century.*

*An eye to the show ring has been the motivation almost exclusively in the present day improvements whereas Bakewell concentrated on meat production and by the time he had finished his cattle were fat and meaty and suitable for the market of that era.*

*The Longhorn is now a mainstream breed and, on the whole, is doing a great job producing quality beef for a discerning "niche" market. But how does today's Longhorn match up to what the trade buyers look for when selecting cattle to purchase? We all know that our breed can produce beef of unrivalled taste, texture and succulence but how does it shape up in terms of wastage at the boning out stage? Have breeders moved on from viewing beef production as a by-product of pedigree breeding rather than their prime objective of breeding beef cattle? How much influence does diet, stress free rearing, age at slaughter, hanging time have on the quality of the end product? Can pedigree breeding and meat production lie together in comfort?*

## SOCIETY EVENTS

### AGM 2014 11 & 12 OCTOBER

This year's AGM heads to Herefordshire. The new date for the AGM is the weekend of Saturday 11 and Sunday 12 October. It is hoped the earlier date will suit more members as cattle will still be out and the days will still be lighter as the clocks won't have changed.

Our visit on Saturday 11 October will be to Richard Vaughan's Huntsham Court Farm where will learn about finishing Longhorn cattle for the very discerning restaurant market. Richard also breeds and finishes Middle White pigs and Ryeland sheep so there will be plenty to see.

Our overnight accommodation will be in the beautiful Symonds Yat, on the banks of the River Wye.

On Sunday we will be visiting the Dinmore Herd of Limousin cattle by kind permission of Mr Paul Dawes and managed by Longhorn panel judge Richard Bartle. This herd is managed commercially, has had much success in the show and sales ring and is making use of superior genetics via AI and embryo transfer.

Alongside the cattle is the Dinmore Manor Stud which specialises in breeding showjumpers.

#### Photo Competition

**We'll also hold the photo competition again this year, with the judging taking place at the AGM. Make sure you take your camera or phone with you whenever you are with your cattle and start getting some pictures lined up!**

**BOOKING FORMS WERE ENCLOSED WITH THE JUNE NEWSLETTER OR  
YOU CAN DOWNLOAD ONE FROM THE WEBSITE**

## PHOTO COMPETITION

**The Society will be holding a photographic competition, to be judged at the 2014 AGM. The entries in each class will be displayed at the AGM and the winners decided by the Members votes. The categories will be:**

1. Posed animal (cow & calf count as one unit) - haltered or free
2. Small herd (ten animals or under) in a landscape
3. Large herd (over ten animals) in a landscape
4. Longhorns at shows
5. Humorous: members and/or cattle
6. Longhorns in commercial setting e.g. pedigree bull with commercial cows, crossbred suckler cows, crossbred stores/prime stock

### Rules

1. **Closing date for entries is Friday 4 October 2014**
2. No entry fee
3. All photographs must be taken by members of the Longhorn Cattle Society.
4. No photographs from professional photographers allowed.
5. No photographs that have been entered into any previous competition allowed.
6. It will be a condition of entry that photographs entered may be used by the Society for any purpose without fee.
7. Entries must be sent to the Secretary by the closing date giving full details of which class/es are being entered.
8. Participants do not have to attend the AGM.

### How to Enter

Entries can be sent to the Secretary by post, disc memory stick or email. In each case each photograph must be identified with the members' name and the class being entered. If you are sending photographs by email do check with me that I have received them if you don't get an acknowledgement as sometimes big files don't make it through the spam filter!

## REGISTRATION FEES 2014

## BULL REGISTRATIONS

Those members wishing to register bulls can download a registration form from the website or ring me for one - in any case please get in touch as you will need a hair sample bag for each bull being registered. The registration form, photographs and sample bag must be signed by a vet and these, along with the payment for registration must be received before the registration will be processed. Allow yourself plenty of time, especially if you are thinking of entering your bull for a show or sale and never assume the office has received the documentation!

Emailed registration forms or photos cannot be accepted as delivery cannot be guaranteed - the Society has pretty strong spam filters on the computer which sometimes do not allow big photo files through. We have had one incident this year where a member thought an email had been sent but the office had never received it so please post everything.

## BEEF CERTIFICATES

**Beef certificates are £6. They are proof that your finishing animal is a pure-bred Longhorn should you need to offer such proof to a butcher, finisher, meat marketing scheme or restaurant and their purchase helps towards the costs of promoting Longhorn beef.**

## SOCIETY NEWS

### Performance recording

The Society is in discussions to set up a Performance Recording Scheme for Longhorn cattle. Further information on this will be available in due course and we are hoping to launch a scheme early in 2015.

### Health Schemes

Many pedigree Breed Societies have gone down the route of insisting their members are either members of a CHeCS approved health scheme or test individual animals prior to entry at their Society sales. Council recognise that this might not be feasible or practical for many Longhorn Society members but would like to encourage you to talk to your vet about health testing for diseases such as Leptospirosis, Johnes, BVD and IBR. A tested animal gives buyers more confidence and will pay dividends in the long run.

### TB testing

You will have noticed that the Society has asked all members entering cattle into the two Society sales at Worcester this year to have TB tested their animals irrespective of local TB test area. This will be rolled out to ALL Society sales in 2015.

## GRASSROOTS HOW-TO

Increasing numbers of members use the online Grassroots system via the Society website to register their cattle and let the Society know about deaths and transfers. It is cheaper than sending a paper registration form to the office and pretty easy to master so let me know if you want to have a go and I can talk you through the process

### Bulls not in your herd

If you have used an AI bull, have bought a cow in-calf or have notified me that your bull has died or been sold then he won't appear in your drop-down list. Most times the bull is pretty easy to find if you follow this advice.

Click on 'search for sire' next to the 'sire' drop down box. This will take you to a new page

For AI bulls make sure the 'dead' box in this page is ticked. Put in as little information as you think you can get away with. It's natural to want to fill each box with information but that means you are more likely to type in something that doesn't match with the database. If the animal has an unusual name just type that in. Or just the last 6 digits of the eartag number. Try to only put something into one of the fields.

A list of cattle will come up. Select the bull who is the sire of the calf being registered by clicking on him. He will then be temporarily added to your herd for the duration of the transactions you are doing.

If in doubt ring or email me and ask! There is also a 'help' button on each screen that will offer guidance if you get stuck.

## NEW MEMBERS

\* \* \* \* \*  
 \* **We should like to welcome the following new members to the Society:** \*  
 \* *Mr R Buckler, Gibb Hill, Courtway, Spaxton, Bridgwater, Somerset* \*  
 \* *Mr I Stephen, Greenheath Ltd, Toggam Farm, New Fen, Lakenheath, Suffolk (A)* \*  
 \* *K & I McDonald, Hareshowe of Ironside, New Deer, Turriff, Aberdeen* \*  
 \* *Emma Heseltine, Stoneraise, Armathwaite, Carlisle* \*  
 \* *Mr & Mrs W & A Hann, Orchard Spring, Rodney Stoke, Cheddar, Som* \*  
 \* \* \* \* \*

## TRANSFERS

Transfer fees are payable by both the vendor and the purchaser unless an arrangement is made for one party to pay both sides of the fee.

**Pedigree certificates belong to the Society so when you sell an animal please return the pedigree certificate to the office.**

Either notify me online that you have sold an animal or include details of the purchaser when you return the pedigree certificate.

## BULL REGISTRATION FAILURES

A number of bulls have failed the registration application procedure recently as they did not make the daily liveweight gain required. Bulls are expected to gain a minimum of 1kg per day up to 600 old and then 0.5kg per day up to 800 days old. All bulls must weigh a minimum adjusted weight of 431kg at 400 days old, 631kg at 600 days of age and 731kg at 800 days old. This means they need to weigh a minimum of their age in days plus 31 up to 600 days old then a 0.5kg adjustment per day after that. If you are in any doubt please ring the office as I can quickly calculate your bull's current age and minimum weight requirement.

## COUNCIL MEMBERS 2014

The following Council members represent you in 2014.

James Barber, karenbarber7@hotmail.com , 01789 840271  
 David Blockley davidblockley@btconnect.com , 07831 247405

Please contact any one of them if you have any queries regarding Society or Council matters.

## COUNCIL MEETINGS 2014

Council meeting dates for the rest of 2014 are as follows. If you have a matter you wish to raise with Council please either contact one of the Council members listed above or Debbie in the office in plenty of time before a meeting.

**Tuesday 9 September**

## COUNCIL NOMINATIONS 2014

The nomination form for this year's Council elections is included in this newsletter. Council should be representative of the membership of the Society so please think about standing. A range of talents are required such as marketing & PR skills and business management experience so please don't think you just need to know about cows! Most members have real world experience outside their love of Longhorn cattle and it's these skills that will benefit Council and the Society as a whole.

**Please note the date for completed forms to be back to the Society.**

## REGIONAL GROUPS

The regional groups operate independently of the Society and organise herd visits, social events and herd competitions. Enthusiastic group members are always welcome. Do get in touch with your local breeders group co-ordinator and get involved in group activities
