Settlement and Clearance of Stock

Settlement in full is due immediately at the close of the Sale. No animal may leave the premises without official documentation obtainable from the Auctioneers upon settlement.

Pre-movement testing

As from 1st March 2007 all cattle over 42 days of age from 1 or 2 year testing areas must have passed a TB test within the last 60 days. Cattle coming from 3 or 4 year testing areas are exempt.

It is recommended that all stock are vaccinated for Bluetongue

INSPECTION PROTOCOL

All animals entered for the Premier sale will have to pass through an official inspection. This gives confidence to buyers that the animals have been passed as fit for sale and alongside the rules and conditions of sale agreed by the industry through the National Beef Association ensure that buyers purchase guaranteed stock. All animals will be checked by a veterinary inspector for eye defects, over or under-shot jaws and general health. In addition bulls will have their testicles checked by hand for any irregularities in form or texture. Similarly, females' udders will be checked for abnormalities. Society appointed inspectors will then assess bulls and females for locomotion, temperament, conformation and breed characteristics to a Society standard. Eartags will also be checked by an official representative and must be accurate and legible. Any bull or female that fails the inspection cannot be shown and may be offered for sale at the Auctioneers discretion.

Explanation of registration terms

Animals entered in the Full Herd Book and registered before 2000 have four figure registration numbers ie 9988.

Animals entered in the Full Herd Book and registered from 2000 onwards have a five figure registration number followed by the year letter and the herd number of the breeder ie 11111/H999.

Animals birth notified with the Society but not yet registered have a five figure number preceded by either XB or BN ie XB99999.

For a fuller explanation of terms please contact the Longhorn Cattle Society Office.
