Reduction Sale of

21 PEDIGREE LONGHORN CATTLE FROM THE "SUN-SET" HERD

The herd was founded by Mr. Trembath in 2007 with animals from the "Stoke" herd – the oldest Pedigree Registered herd of Longhorn cattle in Britain. The herd has enjoyed a trouble-free calving record and there has never been a case of TB. This is a genuine reduction of good quality animals true to the breed.
