## FOREWORD

It is with great sadness and regret that we have decided to drastically reduce our Kingslow herd, selling the entire adult and in calf heifer portion due to reduced grazing and to lessen the workload! We are only retaining two 14 year old cows, namely Kingslow Narcissus (by Leebarn Brunel) - 2 daughters in the sale (lots 16 and 18) and Kingslow Orchid (by Blackbrook Quarterback) - 2 daughters in the sale (lots 8 and 23).

We purchased our first Longhorn, a bulling heifer, Plaitford Equity in 1992 for Mark's 21<sup>st</sup> Birthday. In the following years, we purchased further cattle from Adrian McConnell (Plaitford) including Foxtrot, Fanny, Honesty and Harmony and also Croc Mhor Lupin. From these initial purchases the herd grew in number and in 1997 we purchased our first bull, Charnwood Terminator who produced excellent females. In 2002, Blackbrook Kracker joined the herd and was successfully used on Terminator daughters again producing some stylish heifers and good shaped, easy fleshing steers sold for retailing through a successful Longhorn beef outlet.

During 2006, we had an arrangement with Chillington Estate, whereby they used Blackbrook Kracker and in return we used Leebarn Brunel, a bull with tremendous length and great conformation. The following year we visited Blackbrook and selected a superb weaned calf - Quarterback. He grew on to be one of the biggest bulls we have owned, producing large framed cattle. In 2011, Quarterback went to Newbottle Estate, Northamptonshire for further breeding. Later that year we purchased Blackbrook Ulric (who has 5 cows in the sale) and bred well on Quarterback daughters, he went on to continue excellent breeding for Andrew Goodman's Witley herd.

Other bulls of note used in the herd were Hambleton Hurricane - 4 daughters in the sale, Gorse Monsignor - 1 daughter in the sale and in particular Riverlands Mathom with 19 daughters, this renowned top prize winning bull has had a marked and significant impact producing super females in terms of correctness and overall conformation.

Our latest stock bull - Aberdeen Philip - lot 32, has crossed well on Mathom daughters.

All cattle were wormed with Closamectin Pour On on 27<sup>th</sup> September with the exception of 2 young calves.

We very much look forward to welcoming established and new breeders to the sale and hope you will enjoy the cattle as much as we have.

*Mary & Mark Madders and Stuart Johnson*

All cows have been running with the bull since June 15<sup>th</sup> or since calving with Aberdeen Philip (Lot 32)  
 All cows will be scanned on 4 October 2021  
 All calves have been BVD tag & tested and the cows have been BVD and IBR vaccinated  
 All eligible cattle have been Johnes tested negative.  
 TB pre-movement test 16/08/2021  
 All heifers have been disbudded.
