# The History of Bloodlines at Fishwick

Senior Sire of Fishwick 2014 calves

*Nonsuch* (left)

Sire: Huntsham Lion

Out of Fishwick Gambol

Dam: Huntsham Swallow

Out of Longrove Swift

[by Fishwick Mercury out of Rousham Kite]

*Our foundation sires were, effectively, Rousham Goliath and Glaven Alliance*

*It is fair to say that between them they have put the herd and the breed where it is today - the vast majority of prize winners over the past 25 years have carried Goliath and/or Alliance blood. Goliath bred fabulous females that have proved to be prepotent matrons of the breed, although that is not to say that our foundation cows - Eyebrook Rachel, Grendon Dulci, Grendon Wendy and Shugborough Champion - have not played a hugely significant part. Rachel was flushed to give us Daydream, who, put to Goliath, gave us Galaxy and Fantasy, 5 consecutive times Yorkshire Champion and mother of Mirage - cornerstone with Lark [Shugborough Drake x Gambol] of Southfield genetics - and Kinsman, who, by Alliance, put the backsides into the breed. Meanwhile Galaxy produced the unfortunately underused Mercury [by Fishwick Cascade] and Legend [by Drake], and also Germany's super-matriarch Karisma, by Alliance. Dulci produced Gambol, Hawthorn and Kristal, all stars in their own right, whilst Wendy gave us Goldie who delivered Optimist [by Longrove Resolve] and Kosmic [by Alliance]. In turn Champion mothered Marigold and Nightshade, both by Goliath. Nightshade has been an outstanding influence at Blackbrook along with Kestrel, Kristal [both by Alliance] Natasha [by Cascade]. Outwith the Fishwick herd we have tried to make use of Rousham Kite, a heifer that we sadly spurned the chance to buy in 1986. Kite has had a colossal influence within the breed and it is a pity that we were never able to see her bloodline merged with Shuborough Drake, Over the past two decades numerous bulls have played a significant role in developing the herd - we try to keep our bloodlines as diverse as is commensurate with breeding powerful but feminine females alongside growthy wellmuscled bulls. Parc Grace Dieu Two Tone, Charnwood United, Carreg Cennen and Bollin Eugene have probably been the most influential but more recently Underknoll Legend and Blackbrook Nonsuch have played a valuable part. For the future we hope that Lord of the Rings and Macavity - perhaps aided and abetted by Heronbrook Ned Kelly and the newly purchased Treverton Pilgrim - will do for the breed what Llanthrothy Kestrel and Fishwick Kinsman combined to do in the 90's; combining stretch, power and thickness to take the breed forward to a new dimension.*

*Fishwick Macavity, pictured above alongside his dam, Fishwick Donna, was the main sire of our 2015 calf crop and will return home to sire the bulk of the 2017 crop. He is by Bollin Eugene - sire of Fishwick Kanara, Breed Champion and Interbreed Heifer Champion Royal Welsh Show 2012 and Breed Champion Great Yorkshire Show 2015. Macavity was shown successfully in 2013 when only 12 months old whilst Donna was Breed Champion at the 2005 Royal Show.*

# General Information and Sale Notes

## Location and Directions:

The Sale will be held at Fishwick Mains Farm, Nr. Paxton, Berwick-upon-Tweed TD15 1XQ  
Five miles from the A1 Berwick By-pass to the North of the River Tweed.

From the Berwick By-pass take the B6461. Do not deviate for 4 miles then at minor offset cross-roads turn left, signed Fishwick 1/4 Fishwick Mains 1.

From West take the A7 from Carlisle to Hawick then the A698 to Kelso. At Kelso take the B6461 through Leitholm, Swinton to Fishwick or stay on A698 to Berwick then as above.

## Time of Sale:

The sale will be held at 1.00 p.m. on Sunday 3rd July 2016.

There will be a Barbecue for prospective purchasers and Longhorn Cattle Society members and friends on the evening of Saturday 2nd July: 6.30 for 7.00 p.m.

Please advise intention to attend BBQ by Thursday 30th June.

House: 01289 386 181 Peter: 0777 993 7217 Ashley: 07784 155 991 Rob: 07702 317 303

## Method and Conditions of Sale:

All bulls will be sold in guineas and the sale price will include delivery to mainland UK.

Any reserve prices will be "sensible, realistic and appropriate" - the bulls are here to sell!

Pedigree transfers [£15 + v.a.t.] will be added where appropriate. The sale is subject to the General Conditions of Sale and the LAA Auction Sale Rules - full conditions will be on display at the Sale.

## Settlement and Movement of Stock

Settlement in full is due on the day of Sale, however stock purchased will remain at vendors risk until delivery.

## Herd and Bull Viewing

The whole Herd and Sale Bulls will be available for inspection from 3.00 p.m. on Saturday 2nd July but can also be inspected from 11.00 a.m. on Sunday 3rd July including after the sale. The herd will be grazing adjacent to the sale venue and printed herd inventories will be provided with all adult cattle numbered.

## Herd Health

The herd is in a 4 year testing parish and was last tested 20th May 2014.

All sale bulls will be pre-movement TB tested, BVD, Lepto and IBR marker vaccinated

The herd is in SAC Premium Health Scheme: Johnes Accredited [R1] since 2007; BVD accredited since 2011; BVD vaccinated and Lepto vaccinated; vet certified no clinical or serological evidence of IBR.

## Fishwick Mains

The farm was purchased in 1954 - 360 acres mixed arable and river banks, initially running 60 Hereford cross sucklers and 80 halfbred ewes. From the 70's 120 acres of summer grazing was rented and the herd expanded to 120 - 90 autumn calving and 30 spring. Dissatisfaction with the advent of Holstein blood into commercial sucklers pushed us in 1976 towards experimenting with Longhorn x Welsh Blacks as replacements. A few pedigree Longhorn females soon followed our first stock bull Winthill John, at which time there were in total only 150 breeding females with some 60 heifers a year being registered; the breeding herd now approaches 10,000. The LHWB cross proved to be capable of calving at two year old to the Charolais or Belgian Blue and in the late 80's a Simmental bull was introduced so that the female offspring could be sold on for breeding. As had happened with the Longhorn a few pedigree Simmental females soon followed. By the turn of the century Simmental numbers had expanded to the extent that the commercial cross-bred herd had gone and we were running with only pedigrees - 80 Simmentals and 40 Longhorns.

The new cattle buildings with central store for 700 tonnes of fodder beet - had been built in 1974 - when concrete was a mere £4.50 per cu.metre - at a total cost of £32,000 net of FHDS grant! I hate to think what the replacement cost would be now! The Longhorn herd was rapidly put on the map winning the Royal Show Female Championship no less than 11 times out of 15 years between 1981 and 1995. Fishwick bloodlines have since provided a foundation for the successful expansion of the breed to nearly 12,000 females over the next quarter century.

Over the past decade there has been considerable "rationalisation" of our farming activities. Having relinquished our summer grazing land the advent of Single Farm Payment led us to consolidate activity onto home acres. The ewe flock went just before the price went up! Variability in cereal returns and a lack of economy of scale saw a reduced cereal acreage and eventually with an escalation in land prices the sale of much of the arable acreage. Today the focus is very much on the pedigree Longhorn and Simmental herds alongside an ambitious small up-market housing development the start of which coincided with the credit crunch - but that's another story!

The old farm stading dating from c.1850 does not lend itself to modern farming - certainly not to access with modern machinery. The old granary building - with mill race below - is potentially a beautiful prospect for some sort of development. The adjacent woodland encompassing a half-acre mill pond has been purchased from the neighbouring farm with a view to create something outstanding. Any ideas and suggestions are most welcome but do bear in mind that the population of the whole of Berwickshire is only 12,000.

# Fishwick Herd Regime

Both the Longhorn [40] and Simmental [20] herds are predominantly spring calving in March and April. We don't like calving too early as we don't want calves "standing still", hanging around inside picking up scours or coccidia; they are all treated at one month old with Vecoxan. Turnout is usually from the end of March, though with Italian/Hybrid ryegrass now introduced into the system the summer/autumn calvers went out much earlier this year. One of the benefits of not calving too early is that calves are not creep fed at grass unless grazing runs short and calves are visibly going backward. We want cows to show their potential through their calves so that we know which cows are keeping us rather than us keeping them!

Over use of creep feed with heifers lays down excessive fat and suppresses mammary cell production; while too much fat at puberty suppresses mammary cell growth. Fat heifers don't milk, giving rise to the need for creep feed and so the cycle repeats!

Housing takes place progressively from mid-November to Christmas with the last ones to come in being the yearling heifers. At housing calves are treated with Bovipast to prevent pneumonia and are separated from their mothers each morning whilst the cows eat at the feed barrier - easy after the first 3 days - and fed a coarse ration morning and evening then allowed back together at night. Any cereals in the ration are fed whole in order to allow digestion to take place over 24 hours through rumination as whole grains are sequentially regurgitated with the roughage in the ration. Weaning finally takes place uneventfully after 6 weeks inside.

Winter feed for the herd for 35 years was fodder beet and straw balanced with protein from distillers dark grains but after the wet autumns of 2009-10 we were forced to drop this crop - and every autumn since would have been a problem! A maize maze was opened in 2002 which also served to provide maize silage as an additional feed. The maize maze was terminated in 2006 due to sequentially wet Augusts - and they still are! - but we continue to grow maize silage as a substitute for fodder beet. Both these crops produce dry dung and limit the need for excessive straw to mop up the slurry that would be produced on a full silage ration. The cows and heifers are fed 50:50 maize/grass silage whilst the youngstock are restricted to maize silage and concentrates.

The herd is in the SAC Premium Health Scheme and is Johnes Accredited R1 [2007] BVD Accredited [2011] and Vaccinated for both BVD and Leptospira. Whilst we have never experienced any problems with either Leptospira or IBR we have decided this year to start vaccinating for IBR - at least for animals attending shows and sales and possibly the whole herd.

# Fishwick 40<sup>th</sup> Anniversary Sale

## 3 July 2016

Fishwick bulls are reared to be "Fit to Breed" and not necessarily "Fat to Show" and on occasions we can be criticised on these grounds. However we feel that any bulls that we show must be good enough to justify their presence and be a credit to themselves in fit rather than over-fat condition – their fleshing and muscling must be able to carry them.

Ultrasound scanning figures 20<sup>th</sup> May 2016

UK Tag	Age [days]	Weight[Kg]	Kg/day	SCT [cm]	Fat P8 [mm]	Fat at 12/13	Eye Muscle	I/M fat %
1114	420	485	1.15	34	5	3	74	3.5
1116	413	490	1.18	33	4	3	77	2.6
1117	413	495	1.20	35	3	3	67	3.9
1134	397	470	1.18	33	3	2	73	3.8
1136	403	460	1.14	34	4	3	74	5.5
1139	395	475	1.20	34	5	3	70	3.2
1140	394	535	1.36	34	5	4	79	5.5
1146	370	450	1.22	33	2	2	83	3.1
1149	360	445	1.24	32	4	2	64	3.1
1154	327	425	1.30	32	5	3	70	5.1
1155	325	430	1.32	32	3	2	67	3.5

### Females

Six females are included in the sale and those running with Lord of the Rings will be kept until they can be certified in calf – obviously at vendors risk. Other females may be available by private negotiation and the whole herd will be numbered along with a printed inventory - naturally prices will vary but everything has its price!

We have an outstanding crop of Macavity sired yearling heifers most of which are destined to enter the herd, however one or two may be available. Heifers, like our bulls, are not pushed into too high a condition as this impinges on their future milking qualities by restricting mammary cell formation and suppressing mammary tissue growth.

## The "line-up" of 2015 Macavity Daughters

Petula Patsy Phantassie Pavlova Paloma Paulina Primadonna

### Bulls

**LOT 1 FISHWICK OLYMPIC STAR 28386/O00087 (UK560103/501085)**

Born 22/04/2014

**gss:**Meon Valley Cherokee (1105)

**gs:**Huntsham Lion (4356)

**gsd:**Fishwick Gambol (1670)

**Sire :**Blackbrook Nonsuch (12847/D0380)

**gds:**Huntsham Medlar (4978)

**gd:**Huntsham Swallow (6648)

**gdd:**Longrove Swift (4870)

**gss:**Parc Grace Dieu Two Tone (4141)

**gs:**Southfield Bandit (10576/B0460)

**gsd:**Fishwick Mirage (3207)

**Dam :**Linton Gwen II (14163/G0112)

**gds:**Fishwick Kinsman (2711)

**gd:**Linton Katrina (3394)

**gdd:**Linton Georgina (2403)

400 day adjusted weight 459kg

Olympic Star ran with last years bulling heifers over the winter as a sweeper.

His mother was 3<sup>rd</sup> prize Senior Cow NLBC Herd Competition 2013

## LOT 2 FISHWICK POLAR STAR 30109/P00087 (UK560103/101116)

Born 02/04/2015

**gs:**Bollin Eugene (13805/E0343) **gss:**Blackbrook Mayhem (11246/C0343)  
**gsd:**Bollin Uzma (7863)  
**Sire :**Fishwick Macavity (25284/M00087) **gds:**Charnwood United (8329)  
**gd:**Fishwick Donna (11663/D0087)  
**gdd:**Fishwick Karen (2620)  
**gss:**Bulford Freddy (7024)  
**gs:**Carreg Cennen (11419/C0149) **gsd:**Carreg Unity (7899)  
**Dam :**Fishwick Ivy (17149/I0087) **gds:**Charnwood United (8329)  
**gd:**Fishwick Dewdrop (11665/D0087)  
**gdd:**Fishwick Snowdrop (6894)

400 day adjusted weight 481kg

An attractive bull out of Cennen daughter Ivy - one of our top bull breeders

## LOT 3 FISHWICK POSEIDON 30114/P00087 (UK560103/401140)

Born 21/04/2015

**gs:**Bollin Eugene (13805/E0343) **gss:**Blackbrook Mayhem (11246/C0343)  
**gsd:**Bollin Uzma (7863)  
**Sire :**Fishwick Macavity (25284/M00087) **gds:**Charnwood United (8329)

**gss:**Blackbrook Mayhem (11246/C0343)

**gs:**Bollin Eugene (13805/E0343)

**gsd:**Bollin Uzma (7863)

**Dam :**Fishwick Karolina (20224/K0087)

**gds:**Ulverscroft Albert (10190/B0331)

**gd:**Croc Mhor Foxglove (13662/F0067)

**gdd:**Croc Mhor Zanthly (8875)

400 day adjusted weight 479kg

This bull was much admired at the Great Yorkshire Show with his mother as a calf and has the top Eye Muscle scanning figure. Now starting to really thrive after recovering from his battle with Pullman and Philanthropist where, out-numbered, he came off worst!

**Fishwick Karolina, Dam of Lot 10, with heifer calf, Fishwick Queen of the Ring sired by her half brother, Fishwick Lord of the Rings - line breeding does work!**

**LOT 11 FISHWICK PROSPERITY 30119/P00087 (UK560103/401154)**

Born 27/06/2015

**Sire** :Fishwick Macavity (25284/M00087)  
**gs**:Bollin Eugene (13805/E0343)  
**gss**:Blackbrook Mayhem (11246/C0343)  
**gsd**:Bollin Uzma (7863)  
**gds**:Charnwood United (8329)  
**gd**:Fishwick Donna (11663/D0087)  
**gdd**:Fishwick Karen (2620)  
**Dam** :Louella Diadem (12988/D0707)  
**gs**:Fishwick Optimist (5051)  
**gss**:Longrove Resolve (3657)  
**gsd**:Fishwick Goldie (1725)  
**gds**:Fishwick Stormtrooper (7563)  
**gd**:Louella Alexandria (9638)  
**gdd**:Blackbrook Farthing (5985)

400 day adjusted weight 512kg

A really blocky meat monster out of the huge Louella Diadem

**This bull will be paired in the ring with Lot 12 for sale as buyer's choice**

**LOT 12 FISHWICK PHILANTHROPIST 30117/P00087 (UK560103/501155)**

Born 29/06/2015

**Sire** :Heronbrook Ned Kelly (26635/N00843)  
**gs**:Aberdeen Jethro (21117/J0445)  
**gss**:Fishwick Chauvinist (11986/C0087)  
**gsd**:Aberdeen Doris (11313/D0445)  
**gds**:Raincliffe Wilhelm (9614)  
**gd**:Heronbrook Kitty (20008/K0843)  
**gdd**:Bejon Farina (13579/F0596)  
**Dam** :Linton Daffodil (11273/D0112)  
**gs**:Bollin Urchin (8331)  
**gss**:Marholm Nero (5145)  
**gsd**:Bollin Jill (2901)  
**gds**:Honeywood Edmund (1704)  
**gd**:Parc Grace Dieu Betty (2586)  
**gdd**:Honeywood Delicata (1450)

400 day adjusted weight 514kg

A muscly young bull – the last of Linton Daffodil's calves. Unfortunately involved in the battle between Pullman and Percy.

**This bull will be paired in the ring with Lot 11 for sale as buyer's choice**

# Females

## **Barbecue Saturday 2nd July 2016**

**6.30 pm for 7.00 pm**

This will be at "Long Orchard" Fishwick Mains and will be well signed

Please do try to let us know if you will be attending by Thursday 30th June

The River Tweed is a mere 10 minute 500m walk from the farm steading and members and friends are welcome to have a wander - there is space for a small number of cars for the less mobile!

**PLEASE DO REMEMBER THAT THIS IS A WORKING FARM  
THERE WILL BE MACHINERY, ELECTRIC FENCES, OLD BUILDINGS  
AND THE OCCASIONAL BROKEN GATE OR RAIL!**

**TAKE CARE!**

*Fishwick Lord of the Rings - Longhorn Bull of the Year 2012 and 2013*

*Carreg Cennen - Multi Breed Champion 2004 and Breed Record Auction Price 8,400 Gns.*

# **Fishwick 40th Anniversary Sale**

## **Sunday 3rd July 2016**

**2015 gave us another amazing crop of young bulls by Fishwick Macavity shown below alongside his mother Fishwick Donna who was Royal Show Champion 2005**

**Macavity was shown as a yearling winning 1st and 2nd Junior bull at Malvern 2013 when just 12 months old. At Northumberland County Show May 2016 his yearling daughter Fishwick Petula won Breed Champion—shown below alongside Fishwick Polar Star**

**There will also be a small number of Females sold incalf to Lord of the Rings**

**Any Reserves will be realistic and appropriate**

**Prices will include delivery to UK Mainland**

**Barbecue 6.30 p.m. onwards Saturday 2nd July**
