

# Garstang Show 4 August 2012

## Judge: Peter Guest

There were no senior bulls at this show but the one junior bull Wellhead Lohengrin was a nice lengthy, well-grown young bull and one to watch out for in the future.

Only one junior heifer was put forward, of the two entered Wellhead Lavender was a well-grown heifer which has the prospect of being a large, well-framed female.

The senior heifer class produced the largest class entry. There was little to choose from between the first three placed heifers, but Wellhead Kismet had better locomotion and a larger pelvic area than Kirkklan Kilda. The fourth placed heifer, Lowoaks Kimba, was a nice heifer but was six months younger than the other three. The animals placed first to third in this class went out later to represent the breed in the Inter-Breed group under an independent judge. The Longhorns were awarded Champion status with the Simmentals in reserve.

In the Cow class just two were put forward with a first-class heifer with a good bull calf at foot taking first place over a second calver due to her superior locomotion.

In the Exhibitor Breed Championship, judged by a Judges' Panel, Wellhead Kismet was placed reserve to a Simmental cow which later went on to win the Inter Breed Championship.

My thanks go to the exhibitors for bringing forward some very good cattle.

### Junior Bull

*1 entry/1 forward*

1<sup>st</sup> Wellhead Lohengrin                      Mrs N Luckett

### Senior Bull

*No entries*

### Senior Heifers

*4 entries/4 forward*
