Congratulations to Peter Wild who wins 5 straws of Lord of the Rings semen

Those with lower marks generally disagreed with the master judge either in the order within pairs in classes or in some cases with respect to the placing of one individual animal. For example the only June born bull [Green X in the 2nd Bull class] - all the others were March/April - was placed bottom by the master judge whilst others really liked him. Aspiring new member Mick Girling had him 1st - as had the Rigbys - and had he not disagreed with the judge on this one animal he would have won the competition with 198 points!
